

Black-legged Kittiwake (*Rissa tridactyla*), Bill Williams River NWR Delta, La Paz County

This Black-legged Kittiwake was photographed by Nathaniel Peterson on 01 December 2021.

Immature bird. This was the third Black-legged Kittiwake to be found in Arizona during the fall of 2021. This species is a casual late fall and winter visitor to the state, with about 25 previous records.
